OUTBREAK OF MONKEY POX

Dear Parents and Guardians,

You may have read about the outbreak on Monkey Pox in some states recently; two (2) of the suspected cases were reported in Lagos State.

The School have received a letter from the Lagos State Ministry of Health, through our Chair of Governors, reiterating the need to maintain a high standard of personal and environmental hygiene as a precautionary measure.

As a School, we will continue to

1. Ensure meat and meat products served in our dining hall is cooked thoroughly;
2. Encourage students to wash their hands with soap and water often and properly;
3. Teach proper hand washing techniques to our students and staff;
4. Ensure soap and sanitizers are in place all round the school and rest rooms.

We encourage all parents and visitors to the school to kindly sanitize their hands from the dispensers placed around the school.

In addition, we would like to remind parents/guardians to keep sick children at home.

Once again, we thank you for your continued support with all school matters and initiatives.

Yours sincerely,

Mrs. Ayoola Akinyeye
Deputy Head, Pastoral

Mr. Guy Cassarchis
Headmaster/CEO
